#### FINANCIAL POLICY

Thank you for choosing our practice! We are committed to the success of your medical treatment and care. Please understand that payment of your bill is part of this treatment and care.

## Please initial each of the following numbered items:

**Patient Signature** 

1 If we participate with your managed care plan or you have a commercial insurance plan under which you are covered, we will bill the carrier for all charges for services rendered. We will bill both your primary and secondary insurance plans. You will be responsible at the time of service for the payment of:
The annual deductibles
• Co-payments
• Charges for non-covered or cosmetic services  Please be advised that anything you choose to have removed, biopsied, or injected may not be covered under your office co-pay and might be excluded from coverage or subject to your deductible. We will make every effort to contact your insurance company to verify your benefits, but in the event we are unable to reach them, you will be responsible for your co-payment as well as payment for any procedures performed. Such procedures include but are not limited to biopsies, injections, removal of warts, moles, pre- cancers, or other skin lesions. Methods of removal may include but are not limited to: cutting, freezing, burning or application of a blistering agent.
2 If you have a managed care plan, you need to be aware that the plan may require you to use certain doctors or laboratories. With so many plans, it is your job as the patient to call and verify that Jason M. Weaver, M.D. is in network with your insurance plan and also to inform us if we should send your specimens to a particular lab. If you do not, you may be out of network with our practice and may be responsible for the full price of the visit or any procedures.
3 If you are on an insurance plan that Brazos Valley Dermatology is not in network with, you understand that you are responsible for the full cost of your visit and payment is expected in full at the time of service. We will gladly take a copy of your insurance card to be used if any biopsies or labs are sent from our office, but you as the patient are responsible for filing your visit with the insurance if you choose to do so.
4 It is your responsibility to inform our office of any changes in insurance so that we can ensure the correct insurance is being filed with. Failure to inform our office of any changes may result in your visit not being covered.
5 If you are on an HMO plan, it is your responsibility as the patient to insure that you receive a referral from your primary care physician before you come in for your appointment. Failure to obtain a referral will result in either 1) you being responsible for your entire visit cost, to be paid in full at the time of service, or 2) cancellation of the appointment to be rescheduled at a later date when you can provide a referral. Understand that providing a referral does not guarantee that 100% of your visit costs will be covered by your insurance.
6 We are Medicare participating providers, therefore we will bill Medicare directly. You will be responsible at the time of service for payment of:
The annual deductibles
• Copayments
<ul> <li>Charges for non-covered or cosmetic services</li> <li>You will be asked to sign a Waiver of Liability Form in the event that a service is provided which we know is not covered by Medicare.</li> </ul>
7 If you have no health insurance, payment is expected in full at the time of service.
8 There will be a \$25.00 service fee charged to your account if your check is returned by your bank for any reason. Upon notification from our office of your returned check, payment of the entire balance is due immediately.
9 We kindly request that you give us 24 hour notice if you are unable to keep your appointment. Failure to give 24 hour notice could result in a \$35.00 missed appointment fee. This fee is not covered by your insurance plan.
For your convenience, we accept cash, check, Visa, MasterCard, Discover, and American Express. If you have any questions, please do not hesitate to ask us. We are here to assist you in any way possible.
Your signature below signifies that you understand our financial policy and your responsibility regarding charges incurred in this office.
